Campus Emergency Hotline (24 hours): 6460-6999

Last Update: 29 June 2021

CPR & AED

Quick Action Guide

1. Stay Safe

Move away from dangers such as roads, fires, falling objects, wet floor, etc.

2. Tap and Shout

Tap the shoulders to check for response. If unresponsive, get help! (See step 3)

3. Call 995 and get AED

* Singapore Civil Defence Force

Call 995 for SCDF* and stay on the line; get an AED (if nearby and visible) to the casualty.

4. Check for Breathing

If breathing is absent, abnormal or unsure, start chest compression and use the AED. (See steps 5 & 6)

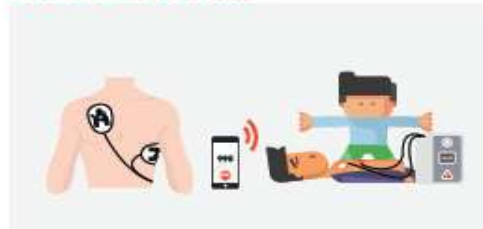

↓ IF CASUALTY IS UNRESPONSIVE AND NOT BREATHING ↓

5. Start Chest Compression

Push hard and fast at the centre of the chest. If unsure, follow 995 SCDF specialist's guidance.

6. Use the AED

Turn it on, attach the AED pads and follow AED instructions until SCDF officers arrive.
